

DELIVERY WITH VORTEX

MDI + VORTEX

DELIVERY WITHOUT VORTEX

MDI ALONE

- Medication that deposits in the mouth & throat
- Medication that reaches the lungs

For illustrative purposes only

VORTEX GROWS WITH YOU

From toddler to adult, Vortex offers a series of facemasks for various age groups, eliminating the need to purchase a new holding chamber when changes in mask size are needed.

WHY PARI VORTEX®?

Metal Chamber. Less plastic.
Better Delivery

Easy to clean and disinfect.
Dishwasher safe!

Removable mouthpiece for
easy cleaning.

Not made with BPA or Latex

Compatible with
commonly used MDIs.
